

Standing Out While Fitting In

Andrew McBurney, Region 4 ESC

Parents asked if there was a book I could recommend, and I recommended one we use in one of our online book studies:

Galbraith, J., & Delisle, J. R. (2015). *When gifted kids don't have all the answers: How to meet their social and emotional needs.*

We actually use the 2002 ed., but this is the latest.
